Allgemeine Hinweise

Holz ist ein Naturprodukt. Jeder Baumstamm und damit jedes Furnier weist seine eigene Charakteristik auf, die sich in der unterschiedlichen Ausprägung von Farbe und Struktur zeigt. Die in dieser Karte abgebildeten Muster sind den Originalen nachempfunden. Etwaige Farbabweichungen sind drucktechnisch bedingt, können kein Reklamationsgrund sein und schließen einen Umtausch aus. Unter Lichteinwirkung verändert sich die Farbe des Holzes. Dies ist bei Nachbestellungen zu beachten. Auch die Oberflächen in dieser Karte verändern sich durch Lichteinwirkung. Bitte deshalb nicht der direkten Sonneneinstrahlung aussetzen. Größere Einzelmuster werden auf Wunsch gerne zur Verfügung gestellt. Änderungen vorbehalten.

General Advice

Wood is a natural product. Every tree trunk and hence every veneer has its own characteristic appearance, which shows up in the variation in emphasis of colour and structure. The sample colours pictured in this card are representations of the originals. There could be slight colour differences due to the printing technique, therefore claims cannot be made for product exchange based on a choice made from this card. The colour of the wood will change under the influence of light. This should be taken into account in re-ordering. The surface in these cards will also change under the influence of light. Consequently, they should not be exposed to direct sunlight. Larger individual samples will gladly be made available upon request. We reserve the right to make changes.
